Verbal Education China

• **Comprehensive evaluation**

My greatest strengths include a strong commitment to providing a professional service to whom I work with. Furthermore my skill at developing and maintaining a close working relationship with every client, something which in turn helps me to gain an in-depth understanding of their individual needs. My communication abilities are adept in using different mediums with people of different ages, ethnicities and cultures. In recent employment I have required the ability to multi task and work in pressurized target driven environments. Alongside this my academia has given me the tools to approach problems logically, rationally and numerically. I am seeking a dynamic organisation were I can utilize my skills and further develop my career ambitions
